## St. Paul School Title I Parent Involvement

### Home & School Connection

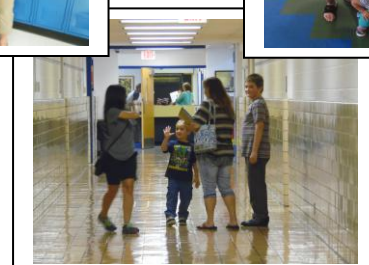

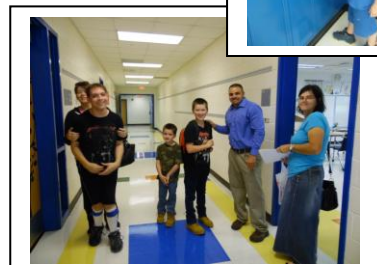

*Home & School Connection* is a newsletter that is sent home monthly to all K-5 parents. Beginning this school year, digital copies will also be available on the SPS website under *Newsletters*. These letters are filled with practical ideas that promote parent involvement and school success. The ideas given in the newsletter promote strengthening the home and school partnership. It gives parents ideas on how to strengthen family life, build positive character traits, and effective parenting skills. The newsletter is paid for by Title I funds and is considered a parent involvement activity! Occasionally, the publishers of the newsletter will send other information on different topics. The Title I staff hopes this newsletter will be beneficial to you and your family.
